## By 2025 over a million people in the UK will have some form of dementia

There has never been a greater need for the provision of high quality dementia care and support.

Dementia UK is a charity committed to improving quality of life for all people affected by dementia. We aim to achieve this via four core areas of work:

- **Admiral Nursing DIRECT** – a national telephone and email helpline provided by Admiral Nurses
- **Uniting Carers** – a network of family carers, former carers and friends of people with dementia
- **Dementia UK Training** – the training division providing high quality, affordable training to care staff and other professionals

Dementia UK receives no statutory funding and relies heavily on voluntary donations.

To set up a regular gift or to make a donation to help us continue to develop these vital services please complete the donation form opposite.
