Thank you for stepping up for families facing dementia this March.

Welcome to #TeamDementiaUK!

Thank you for committing to walk 100km with your dog this March to support families facing dementia.

Be sure to use our handy checklist below to get set for the challenge:

- I have received my free dog bandana
- I have set up my fundraising page
- I have shared a selfie of me and my dog on my fundraising page

Every three minutes, someone in the UK develops dementia – and too often, families struggle to know where to turn and are left feeling exhausted, overwhelmed and alone.

With your help, we can support more families when they need it most.

Just £3 could cover the telephone costs of a person living with dementia calling our free national Helpline for support.

£44 could pay for a carer to receive an hour of one-to-one support from a specialist dementia nurse on our Helpline.

£152 could fund a new specialist dementia nurse to complete an essential training module, developing their skills to support families facing dementia.

Every kilometre you walk and penny you raise will help ensure that no one has to face dementia alone. We can't wait to hear how you're getting on with your challenge so be sure to update us on your progress in the Facebook Group:

Good luck!
