

Event Photographer

Availability/hours: weekends, from two to five hours

Location: across the UK

Background

Every three minutes someone in the UK develops dementia – and too often, families are left to cope alone. That is where Dementia UK – the specialist dementia nursing charity – comes in. Our nurses, known as Admiral Nurses, provide free, expert advice and support to families affected by all forms of dementia.

About the role

Every year, hundreds of runners and cyclists take part in challenge events in aid of Dementia UK. You will join Dementia UK staff and volunteers at our cheer point or post-race locations to take photos of our amazing runners and cyclists. You may be asked to travel from our cheer point to our post-event location.

We will provide a list of shots that we would like but would also love you to take any other photos that you think will look great.

About the team

Dementia UK has a dedicated Events Team that manages our third-party events. We recruit and support people who have chosen to take on a physical challenge to support Dementia UK.

Benefits of volunteering

- You will support Dementia UK by providing wonderful images of our runners and cyclists that commemorate the day
- It is a fantastic opportunity to meet some of our amazing participants and hear why they are supporting us
- Your photography may be used in a range of Dementia UK resources, including fundraising materials, emails, webpages, social media and more

Skills/experience

- experience in photography – ideally sports photography
- must have your own professional-standard camera
- access to a car/good transport links
- ability to stand for long periods of time

Please email events@dementiauk.org to express your interest or for more information.
